SUPPLEMENT NO. 2

This is the second supplement updating the regulations contained in the Sport Fishing Regulations booklet. The July 2000 supplement includes regulatory changes adopted by the Commission after initial publication of the first booklet supplement.

HOW TO USE THIS SUPPLEMENT

The Sport fishing Regulation booklet contains regulations that are not provided in any of the supplements; therefore, it is the angler's responsibility to retain a copy of the Sport Fishing Regulations booklet and the most recent booklet supplement.

WHEN EACH NEW SUPPLEMENT IS RELEASED, ALL PRIOR SUPPLEMENTS SHOULD BE DISCARDED.

(b) Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
--------------------------	--------------------------------------------	---------------------------------------

Section 3.00(b)(1)(B) is amended to read:

- (B) Heenan Lake, (Alpine Co.): See Section 7.50(b)(76)(A).
 (C) Mono County: Night fishing is prohibited in all Mono County waters except Topaz Lake, where fishing is prohibited from two hours after sunset to one hour before sunrise.
 (D) Tahoe Lake (Placer and El Dorado Cos.): Fishing is prohibited from two hours after sunset to one hour before sunrise.

Section 7.50(b)(62)(A) is amended to read:

(62) Eastman Lake (Madera and Mariposa Cos.).

Note: See Section 5.00 for special black bass fishing restrictions).

(A) From the United States Corps of Engineers'buoy line near the Codorniz boat ramp downstream to the dam.	All year.	5
------------------------------------------------------------------------------------------------------------	-----------	---

Section 7.50(b)(91.1) is amended to read:

(91.1) Klamath River below Iron Gate Dam.

(A) Bogus Creek and tributaries.	Fourth Saturday in May 0 through Aug. 31.Only artificial lures with barbless hooks may be used.	
(B) Klamath River main stem from Iron Gate Dam to 3,500 feet downstream.	Closed to all fishing all year.	
(C) Klamath River main stem from 3,500 feet below Iron Gate Dam to mouth.	All year.	2 king salmon, but no more than 1 king salmon over 22 inches, and 1 hatchery trout or 1 hatchery steelhead**

Special fishing restrictions:

1. No fishing is allowed within 400 feet of any U.S. Fish and Wildlife Service or Department of Fish and Game seining operation and from the Ishi Pishi Falls road bridge upstream to and including Ishi Pishi Falls from Aug. 15 through Nov. 1. Exception: members of the Karuk Indian Tribe listed on the current Karuk Tribal Roll may fish at Ishi Pishi Falls using hand-held dip nets.
2. No fishing is allowed from Sept. 15 through Nov. 15 in the Klamath River within 500 feet of the mouths of the Salmon, the Shasta and the Scott rivers.
3. **Klamath River king salmon impact quota: NOTE: Accounting of the tribal and non-tribal harvest each year is closely coordinated by the affected parties during the period from August 1 through November 30. The term "impact quota" is the recreational catch of adult fall-run king salmon, plus the estimated number of adult fall-run king salmon lost as a result of hook-and-release mortality.** The 2000 Klamath River basin impact quota is 4,200 adult (over 22-inch) king salmon.
4. **Special fishing methods restrictions:**
 - A. Only barbless hooks may be used.
 - B. Bait may be used only with single hooks having a gap between the point and shank between 1/2 and 1 inch, or with multiple hooks having a gap between the point and shank between 1/

4 and 1/2 inch. Exception: there is no minimum hook size below the Highway 101 bridge.
C. During closures to the take of adult salmon, anglers shall not remove any adult king salmon from the water by any means, such as by dragging the fish on shore or using a net.
D. Weights may be used only if hard-tied to a drop line that is between 12 inches and 24 inches long and that is attached to the main fishing line no more than 36 inches above the hook while fishing in the Klamath River, within 100 yards of the channel flowing through the spit formed at the mouth.

5. Bag and possession limits: In anadromous waters of the Klamath River basin where anglers are allowed to keep salmon, the daily trout/salmon bag limit is "2 king salmon, but no more than 1 king salmon over 22 inches, and 1 hatchery trout or 1 hatchery steelhead***". No more than 4 king salmon over 22 inches may be retained in any 7 consecutive days. No more than 8 king salmon may be possessed, of which no more than 4 may be over 22 inches total length.

A. Restrictions below the falls at Coon Creek:

(i) **Special closure at mouth:** During the period from August 1 through November 30, no fishing is allowed in the Klamath River, within 100 yards of the channel flowing through the spit formed at the mouth after the department determines that 15% of the Klamath River basin impact quota has been taken in the Klamath River below the Highway 101 bridge. (In 2000, this number is 630.) The department shall inform the commission, and the public via the news media, prior to any implementation of the provisions of this subsection.

(ii) **Closure to adult salmon fishing below Coon Creek Falls when impact quota is reached:** During the period from August 1 through November 30, no person shall retain any king salmon over 22 inches total length in the Klamath River below Coon Creek after the department determines that 50% of the Klamath River basin impact quota has been taken in the Klamath River below Coon Creek.

The department shall inform the commission, and the public via the news media, prior to any implementation of the provisions of this subsection.

NOTE: A Department status report on progress toward the quota is updated daily, and available at 1-800-564-6479.

B. Restrictions from Iron Gate Dam to the falls at Coon Creek:

(i) **Closure to Adult Salmon Fishing When Quota is Reached:** During the period from August 1 through November 30, no person shall retain any king salmon over 22 inches total length after the department determines that either:

17% of the Klamath River basin impact quota has been taken in the Klamath River between Iron Gate dam and the falls at Coon Creek, or 50% of the Klamath River basin impact quota has been taken in the Klamath River basin above Coon Creek Falls.

The department shall inform the commission, and the public via the news media, prior to any implementation of the provisions of this subsection.

(ii) **Exception to subsection (i), directly above:** king salmon over 22 inches total length may be retained from 3,500 feet below the Iron Gate Dam to the Interstate 5 bridge when the department determines that the adult fall king salmon spawning escapement at Iron Gate Hatchery exceeds 8,000 fish during any year subsection (i) is implemented.

(D) Salmon River main stem, Nov. 1 through Feb. 28. Only 0
main stem of North Fork, below
Sawyer's Bar Bridge and main
stem of South Fork below the
confluence of the East Fork of
the South Fork. barbless hooks may be used.

full page ad goes here

(b) Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(E) Scott River main stem from mouth to Fort Jones Greenvew bridge.	Fourth Saturday in May through Feb. 28. Only barbless hooks may be used.	0
(F) Shasta River and tributaries (Siskiyou Co.).		
1. Shasta River and tributaries above Dwinnell Dam.	Last Saturday in Apr. through Nov. 15.	5 per day 10 in possession
2. Shasta River and all tributaries below Dwinnell Dam downstream to the Interstate 5 crossing.	Closed to all fishing all year.	
3. Shasta River from Interstate 5 to 250 feet above the Department of Fish and Game counting weir.	Fourth Saturday in May through Feb. 28. Only barbless hooks may be used.	0
4. Shasta River from 250 feet above the Department of Fish and Game counting weir to mouth.	Fourth Saturday in May through Aug. 31 and Nov. 16 through Feb. 28. Only barbless hooks may be used.	0
(G) Trinity River.		
1. Trinity River and tributaries above Lewiston Dam.	Last Saturday in Apr. through Nov. 15.	5 per day 10 in possession
2. Trinity River from Lewiston Dam to 250 feet downstream from Lewiston Dam.	Closed to all fishing all year.	
3. Trinity River from 250 feet below Lewiston Dam to Old Lewiston bridge.	Last Saturday in Apr. through Sept. 15. Only artificial flies with barbless hooks may be used.	0
4. Trinity River main stem below Old Lewiston bridge, and Trinity River South Fork below Hyampom: Special restrictions for Anadromous Waters:		
4A. Fishing methods restrictions: Only barbless hooks may be used. Bait may be used only with single hooks having a gap between the point and shank between 1/2 and 1 inch, or with multiple hooks having a gap between the point and shank between 1/4 and 1/2 inch. In areas closed to the take of adult salmon, anglers shall not remove any adult king salmon from the water by any means, such as by dragging the fish on shore or using a net.		
4B. Weekly bag and possession limits: Where salmon fishing is allowed, No more than 4 king salmon over 22 inches may be retained in any 7 consecutive days. No more than 8 king salmon may be possessed, of which no more than 4 may be over 22 inches total length.		
5. Trinity River from Old Lewiston bridge to the Highway 299 West bridge at Cedar Flat.	Fourth Saturday in May through Mar. 31.	2 king salmon, but no more than 1 king salmon over 22 inches, and 1 hatchery trout or 1 hatchery steelhead**
Closure to Adult Salmon Fishing When Quota is Reached: During the period from August 1 through November 30, no person shall retain any king salmon over 22 inches total length after the department determines that 50% of the Klamath River basin impact quota has been taken in the Klamath River basin above Coon Creek Falls. The department shall inform the commission, and the public via the news media, prior to any implementation of the provisions		

(b) Body of Water**Open Season and
Special Regulations****Daily Bag and
Possession Limit**

of this subsection. Exception: king salmon over 22 inches total length may be taken from the Old Lewiston Bridge to the mouth of Indian Creek when the Department determines that the adult fall king salmon spawning escapement at Trinity River Hatchery exceeds 4,800 fish.

NOTE: A Department status report on progress toward the quota is updated daily, and available at 1-800-564-6479.

6. Canyon Creek above the falls located about four miles above the wilderness area boundary.	Last Saturday in April through Nov. 15.	2
7. Trinity River from the Highway 299 West bridge at Cedar Flat downstream to the Hawkins Bar Bridge (Road to Denny).	Fourth Saturday in May through Aug. 31 and Nov. 16 through Mar. 31.	2 king salmon, but no more than 1 king salmon over 22 inches, and 1 hatchery trout or 1 hatchery steelhead**
8. Trinity River from Hawkins Bar Bridge (Road to Denny) downstream to the mouth of the Trinity: Closure to Adult Salmon Fishing When Quota is Reached: During the period from August 1 through November 30, no person shall retain any king salmon over 22 inches total length after the department determines that either: (i) 16.5% of the allowable Klamath River basin impact quota has been taken in the reach of the Trinity River from Hawkins Bar Bridge (Road to Denny) downstream to the mouth of the Trinity, or (ii) 50% of the Klamath River basin impact quota has been taken in the Klamath River basin above Coon Creek Falls. The department shall inform the commission, and the public via the news media, prior to any implementation of the provisions of this subsection.		
NOTE: A Department status report on progress toward the quota is updated daily, and available at 1-800-564-6479.		
8A. Trinity River from Hawkins Bar Bridge (Road to Denny) to the mouth of the South Fork Trinity.	Fourth Saturday in May through Mar. 31. Except, see 8., above, for impact quota closure.	2 king salmon, but no more than 1 king salmon over 22 inches, and 1 hatchery trout or 1 hatchery steelhead**
8B. The main stem Trinity River downstream from the mouth of the South Fork of the Trinity.	All year. Except, see 8., above, for impact quota closure.	2 king salmon, but no more than 1 king salmon over 22 inches, and 1 hatchery trout or 1 hatchery steelhead**
9. South Fork Trinity River and Hayfork Creek.		1 hatchery trout or 1 hatchery steelhead**
9A. South Fork Trinity River downstream from the mouth of Grouse Creek.	Saturday preceding Memorial Day through Mar. 31.	0 king salmon
9B. South Fork Trinity River from the mouth of Grouse Creek to the South Fork Trinity River bridge at Hyampom.	Nov. 1 through Mar. 31.	1 hatchery trout or 1 hatchery steelhead**
9C. South Fork Trinity River main stem above the South Fork Trinity River bridge near Hyampom.	Closed to all fishing all year.	0 king salmon
9D. Hayfork Creek main stem, from Highway 3 bridge in Hayfork downstream to the mouth.	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used.	0
10. North Fork Trinity River main stem.	Closed to all fishing all year.	
11. New River main stem.	Closed to all fishing all year.	

Section 7.50(b)(189.5) is amended to read:

(189.5) Susan River (Lassen County) from the confluence of Willard Creek and the Susan River, downstream to the Bizz Johnson trail bridge located approx. 1/4 mi. downstream from the 3 mi. marker on the Bizz Johnson trail. Also, see Section 8.10 for special open season for youths participating in Youth Fishing Derby.

Last Saturday in April through November 15. Only artificial lures with barbless hooks may be used.

****Hatchery trout or steelhead are those showing dorsal fin erosion and/or an adipose fin clip. Unless otherwise provided, all other trout and steelhead must be immediately released. Wild trout or steelhead are those not showing dorsal fin erosion and/or an adipose fin clip.**

27.80. Salmon.

(a) Methods of take:

(1) General Provisions. Only by angling as defined in Section 1.05. No sinkers or weights exceeding four pounds may be used, except that a fishing line may be attached to a sinker or weight of any size if such sinker or weight is suspended by a separate line and the fishing line is released automatically by a mechanical device from the sinker or weight when any fish is hooked. See sections 1.74, 28.65 and 28.70.

(2) Barbless Hooks. No more than two (2) single point, single shank barbless hooks shall be used in the ocean north of Point Conception (34°27'00" N. lat.) when salmon fishing or salmon are onboard.

(3) Other Hook Restrictions. When fishing with bait in the ocean between Horse Mountain (40°05'00" N. lat.) and Point Conception, if angling by any other means than trolling, then no more than two (2) single point, single shank, barbless circle hooks shall be used. The distance between the two hooks must not exceed five inches when measured from the top of the eye of the top hook to the inner base of the curve of the lower hook, and both hooks must be permanently tied in place (hard tied). A circle hook is defined as a hook with a generally circular shape, and a point which turns inwards, pointing directly to the shank at a 90 degree angle. Trolling is defined as angling from a boat or floating device that is making way by means of a source of power, other than drifting by means of the prevailing water current or weather conditions. See Section 28.65.

(4) One Rod Restriction north of Point Conception. Salmon may be taken by angling with no more than one rod in ocean waters north of Point Conception. See Section 28.65.

(b) Season:

(1) South of Pigeon Point. All waters of the ocean south of Pigeon Point are open to salmon fishing from April 1 through October 1 (Note: In 2001, the season will open March 31, the Saturday nearest April 1).

(2) Between Point Arena and Pigeon Point. All waters of the ocean between Point Arena and Pigeon Point are open to fishing from April 15 through November 5 (Note: In 2001, the season will open April 14, the Saturday nearest April 15).

(3) Between Horse Mountain and Point Arena. All waters of the ocean between Horse Mountain and Point Arena are open to salmon fishing from February 12, the Saturday nearest February 15, through July 6 and July 22 through November 12, the Sunday nearest November 15 (Note: In 2001, the season will open February 17, the Saturday nearest February 15).

(4) North of Horse Mountain and Humboldt Bay. All waters of the ocean north of Horse Mountain and Humboldt Bay are open to salmon fishing from May 27 through July 6, and July 29 through September 10 (Note: In 2001, the season will be decided in April by the Pacific Fishery Management Council and California Fish and Game Commission, and the section will be amended pursuant to the regulatory process).

EXCEPTION: The ocean area surrounding the Klamath River mouth bounded on the north by 41°38'48" N. lat. (approximately 6 nautical miles north of the Klamath River mouth), on the south by 41°26'48" N. lat. (approximately 6 nautical miles south of the Klamath River mouth), and extending 3 nautical miles offshore is closed to salmon fishing between August 1 and August 31. No salmon may be taken at any time in ocean waters at the mouths of the Smith and Klamath rivers and during August and September at the mouth of the Eel River. See Section 27.75.

(c) Limit:

(1) North of Horse Mountain: One salmon per day from May 27 through July 6 and two salmon per day from July 29 through September 10. No more than four fish in seven consecutive days (See subsection (c)(3) below).

(2) South of Horse Mountain: Two salmon per day (See subsection (c)(3) below and Section 1.17).

(3) Statewide Silver (coho) Salmon Restrictions: No silver (coho) salmon may be retained.

(d) Minimum size:

(1) North of Horse Mountain: Twenty inches total length.

(2) South of Horse Mountain: Twenty-four inches total length through May 31. Beginning on June 1, twenty inches total length. (Note: In 2001, the season will open with a minimum size of twenty-four inches total length).

28.55. Rockfish (*Sebastes*).

(a) Open season: All year, except that rockfish, including bocaccio, cowcod, and canary rockfish, may not be taken or possessed by a person aboard a vessel, or by spear fishing during the months of January and February in ocean waters south of 36°00' Lopez Point, Monterey County, and during the months of March

and April in ocean waters from Lopez Point, Monterey County, north to 40°10' N. lat. at Cape Mendocino, Humboldt County.

(b) Limit: Ten in any combination of species, except that only three fish may be bocaccio three may be canary rockfish, and, one fish may be cowcod except that two cowcod per boat may be possessed aboard a vessel.

(c) Size limit: None, except no bocaccio may be taken or possessed that is less than 10 inches in total length.

(d) Method of take: Not more than 3 hooks and one line. For purposes of this section a hook is a single hook, or a double or treble hook with multiple points connected to a common shank.

29.20. Clams General.

(a) Except as provided in this article, there are no closed seasons, bag limits or size limits on saltwater clams.

(b) Fishing hours: One-half hour before sunrise to one-half hour after sunset.

(c) Special gear provisions: Spades, shovels, hoes, rakes or other appliances operated by hand, except spears or gaff hooks, may be used to take clams. No instrument capable of being used to dig clams may be possessed between one-half hour after sunset and one-half hour before sunrise, on any beach of this state, except tools and implements used in the work of cleaning, repairing or maintaining such beach when possessed by a person authorized by appropriate authority to perform such work.

(d) Clams ashore: Clams which have a size limit when being taken must be brought ashore above the high water mark in such a condition that the size can be determined. Such clams not in the shell may not be transported or possessed, except when being prepared for immediate consumption. Clams which have a size limit and are not retained shall be immediately reburied in the area from which dug.
